WORK HISTORY

Lecturer and Quality Assurance Officer

2023 - PRESENT

- Imperial College of Medical and Health Sciences, Thika
- Ensured that end-of-semester exams cover at least 80% of the course outline and adhere to the required format for both KNEC and CDACC groups.
- Ensured lecturers comply with relevant regulatory bodies by collaborating with the Human Resource Manager to ensure lecturers possess practicing licenses where required.
- Analyzing monthly class attendance and sending the final analysis the Registrar of Students and Heads of Departments to facilitate the follow up on students with low class attendance
- Holding lectures with students

Lecturer and Head of Library

2022 - 2023 February

Thika School of Medical and Health Sciences, Mombasa,

- Facilitated academic trips, with over 100 students participating.
- Ensured the library has up-to-date resources by requesting more than 50 books through the college principal.
- Enhanced the library environment for users by requesting an increase from 10 to 40 seats, from 4 to 8 study tables, and installation of a working fan.
- Ensured stable internet access in the library by requesting an increase in Mbps.
- Developed a paperless Library Management System, enabling students to access resources from the comfort of their homes.
